# ONE OF YOU

OneOfYou – Official Presskit 2026

With monthly sets on Ibiza Stardust Radio regularly charting in the Top 10, appearances at Pràrie Festival, and high-energy Freetech events drawing several hundred guests, OneOfYou has firmly established himself within the electronic music scene.

As a main act and co-organizer of the Munich event series Sound of the Underground and Außerirdisch, he doesn't just play nights – he actively shapes entire event concepts. Club gigs at Bullitt and Tante Erna, as well as Jim & June in Cologne, highlight that his sound works equally well in underground settings and on club floors.
